PUKEKOHE INTERMEDIATE SCHOOL

Term 1 Week 3, 2026

## Principal's Messages

Our HUB classes are now in full swing, with students already enjoying their second lesson of the year.

It has been fantastic to see the energy, focus, and enthusiasm our learners are bringing as they settle back into routines and reconnect with their HUB learning.

Our students will take part in specialist HUB lessons once a week, giving them opportunities to extend their learning, explore new interests, and develop new skills in engaging, hands-on ways.

Year 7 HUB classes include:

- Digital Technology
- Performing Arts
- Visual Arts

Year 8 HUB classes include:

- Food Technology
- Science
- STEAM

We are also delighted to welcome back our visiting schools for another year of learning together. It has been great to see students and staff from Buckland School, KingsGate School, and Pukekohe North School returning to our kura.

We are especially pleased to extend a warm welcome to Waiau Pa School, who have joined our HUB programme for the first time this year.

The HUB programme is a real strength of our kura, allowing students to learn from our specialist teachers, whose expertise, passion, and creativity bring these subjects to life. Through these programmes, students are developing practical skills, confidence, and a love of learning that reflects the depth and quality of teaching across our school.

We look forward to seeing the growth, creativity, and achievements that will come from our HUB learning throughout the year.

## HEART Values lessons

Congratulations to our LC HEART Values winners! 🎉

**Batten** - Jason Hermitte

**Hillary** - Mason Ryan

**Lomu** - SD

**Rutherford** - Ryan Lum

**Sheppard** - Flynn O'Donnell

**Te Puea** - Reece Potini

HEART Values Lesson: Focus value is

Kia pono

Before we post online - Is it Honest or Empathetic? Does it ...Aim High show Respect/ Responsibility or Teamwork?

PUKEKOHE INTERMEDIATE SCHOOL

## Immunisation talks

On Tuesday, our community nurses visited our kura to deliver the annual immunisation talks to students in their year groups, providing clear, age-appropriate information and an opportunity for questions.

Immunisation information and consent forms will be sent home this week. Please complete and return all forms by Tuesday 17 February, regardless of the decision made.

A Learning Community competition will be held, with the Learning Community returning the highest percentage of forms announced as the winner.

## Smart Watches

A reminder to whaanau and students that smart watches are not permitted at school. This includes personal devices that can send or receive messages, make calls, take photos, or connect to mobile data.

If a student brings a smart watch to school, it must be removed and stored in the classroom cupboard for the day.

Students using smart watches without permission on school grounds will have the device confiscated and sent to the Student Centre safe, where it can be collected by whaanau from the school office.

Thank you for your support in helping us maintain a safe, focused learning environment for all students.

Term 1 Week 3, 2026

## Lockdown Practice

On Wednesday, our kura held a scheduled lockdown practice with staff and students to fine-tune our procedures and ensure everyone knows what to do in an emergency.

Students and staff responded calmly, allowing us to check our systems and communication. Any learnings will be used to further strengthen our emergency procedures.

## ENVIRO Challenge

Our ENVIRO Challenge is a hands-on way for all students and staff to be true kaitiaki of our kura.

Every small action counts, and together we can make a big difference.

Each Learning Community can earn points by taking care of:

- Recycling – using the correct bins and keeping recycling clean
- Classroom areas – tidy, cared for, and ready for learning

## What's on next week?

### Term 1 Week 4

#### Monday

- Lomu HUB (AM)
- Sheppard HUB (PM)

#### Tuesday

- Rutherford HUB (AM)
- Batten HUB (PM)

#### Wednesday

Outside Schools HUB

- Pukekohe North School
- Year 7 Assembly P5&6

#### Thursday

- Te Paea HUB (AM)
- Hillary HUB (PM)

#### Friday

-LC Colour Day

- Learning Community spaces – shared areas respected and looked after
- LC rubbish areas – organised, clean, and used correctly

Our caretaking checks will happen daily, and points will add up across the term.

Winning Learning Communities will be announced each week and the overall winners at the end of each term, so bring your best teamwork, pride, and kaitiakitanga.

Learning Community	Recycling	LC Area (windows,tvs,lights, Doors & locks)	LC Rubbish (Designated Area)	Classroom Bins
Batten	4	1	1	1
Hillary	4	1		
Lomu	4	1	1	1
Parkside	1	1		
Rutherford	2	1		
Sheppard	4	1	1	
Te Paea	4			1

# Teaching and Learning

## PUKEKOHE INTERMEDIATE SCHOOL

### New Zealand Curriculum Update

As Deputy Principal - Teaching and Learning, one of my major portfolios is leading teaching and learning across our kura. As we begin a new year I think it is critical that I update you as whanau about the many changes our sector has faced towards the end of term 4 last year.

The NZ Curriculum - Mātaaho is our new curriculum document that guides what we teach.

Additionally we have a very new Maths and English Curriculum (October 2025). As a school we are well on track with implementing most of the changes for the new Maths & Statistics Curriculum and will begin unpacking the new English Curriculum with staff this year.

Before students started for the school year we held two Professional Learning Days with all teaching staff which included upskilling in these new guiding documents.

In particular we looked at the new Algebra content within the Maths curriculum and the sequence of content from year 6,7 and 8. Lots of vocabulary that staff have to be very familiar with when teaching algebra including algebraic notation, expression, variable, expanded form, formulae, equation, substitution, coefficient, factorising, like terms, constant and coordinate plane.

During these two days we also looked at components of the new English curriculum. Each year students in year 7 and year 8 are expected to engage in;

- At least one novel text (we expect two novels at our school) by authors representative of New Zealand's rich bicultural (both Māori and non Māori) and multicultural literary heritage.
- Texts from around the world and from popular youth / adolescent authors /contexts.

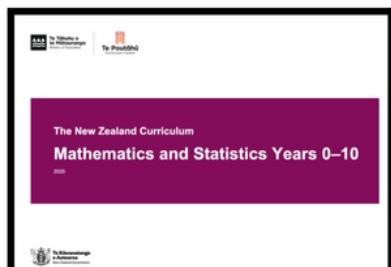

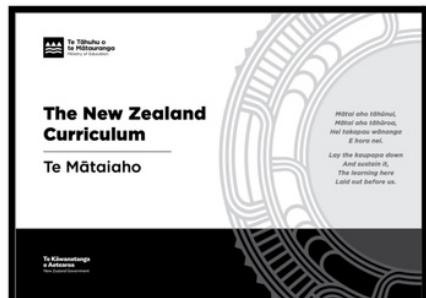

Staff have been excited to select specific shared class novels for 2026 with intent and design to align with this new English curriculum content .

We thank our lead teacher of Maths Lorraine Devaney and Lead Teacher of English Laura Padayachee for their professional leadership in leading staff with new content.

In both the new Maths and English curriculum there is a shift towards a knowledge-rich curriculum. This is all about making sure students are taught the knowledge they need through well sequenced and coherent teaching and learning programmes, and that this content isn't left to chance.

The new curriculum reflects key characteristics of how people learn, based on what we know from latest research and the science of learning insights from education professionals.

At Pukekohe Intermediate School we are on track implementing the new curriculum by ensuring our staff are well supported to design learning that is engaging, relevant and with carefully sequenced content.
